

Sweet Adelines International

April 20, 2019

The Seneca Soundwaves Chapter of Sweet Adelines, an 18 member chorus located in the beautiful Finger Lakes region of Upstate New York is in search of our next Director. Our chorus consists of members from around the Finger Lakes area including Ontario, Monroe, Livingston, Yates and Wayne counties. We're an energetic, hardworking and fun group of women of all ages who enjoy singing in the barbershop style. We're celebrating over 20 years of actively sharing our unique harmony at community events and celebrations, seasonal festivals, holiday shows and greetings of every kind, bringing musical joy to nursing homes and hospitals and presenting annual shows.

Seneca Soundwaves has been the proud recipient of the Most Improved Chorus award twice and also a 3rd place Small Chorus award at past regional competitions. Our chorus has also been awarded the NYS Council of the Arts Decentralization Grant on numerous occasions.

The goal of our chorus is for growth, both musical and membership. To help us achieve that goal we're seeking someone who:

- has musical knowledge (familiarity with barbershop harmony is a plus, but not a requirement)
- is organized
- is a good leader and communicator
- recognizes and agrees with the importance of education
- has a good sense of humor

The director is responsible for planning and implementing the musical program of the chorus with the assistance of a music team selected by the director. The director will also be responsible for developing and leading the musical and artistic performance of the chorus.

If you or someone you know is qualified and would like further information please email us at senecasoundwaves@gmail.com or call JoAnn at (585)412-6428.
