

Saturday, May 19, 2018 Region 15 Dinner Banquet Information

To All CCL's,

To help smooth out that which revolves around the banquet, I am providing some information for you to share with your chorus members attending the Dinner Buffet on Saturday night after competition!

To start – this year the Banquet will be held in the GALLERY;

Cocktails are at 7:00 pm with a cash bar; Doors open for the Dinner Buffet at 7:30 pm.

Enclosed are a list of the table #'s associated with each chorus, and a list of each table # noting the number of seats available at each table for each chorus. This will provide details of where attendees should head towards once the doors open at 7:30 pm!! Please take note of this information to help streamline the process. We have 451 members attending this year making it a large group for the hotel staff to manage. As a reminder – tables for a chorus may not be consecutive in number but be assured the chorus tables are clustered together.

All name badges of individuals attending the Dinner Buffet will have a green sticker. This provides an easy visual for the staff to know that you belong! Please remind chorus members to have their badges with them, preferably wearing them. For those choruses that have paid guests joining them for the Dinner Buffet but the guest does not have a competition name badge – the green stickers will be attached to the members badge when it is picked up at registration. They will be required to acknowledge receipt of their guests meal sticker.

Those individuals with food allergies that require a special meal, along with the green sticker on the badge, will be a blue sticker with 'SM' on it. The hotel has the names and choruses of these individuals. Once at their table these individuals should tell the staff there is a special meal for them and provide their name to the server.

Those individuals who are Vegetarian, along with the green sticker on the badge, will have a red sticker with a 'TT' on it. The hotel has the names and choruses of these individuals. Once at their table these individuals should tell the staff they are getting the vegetarian Teriyaki Tofu dish.

Those individuals who are Vegan, along with the green sticker on the badge, will have a yellow sticker with 'ZD' on it. The hotel has the names and choruses of these individuals. Once at their table these individuals should tell the staff they are getting the vegan Zucchini dish.

The Buffet will be clearly labeled with gluten free labels as well as labels specifying any nuts or dairy in items. This would provide enough information for those individuals with these issues to pick and choose off of the buffet to accommodate their dietary needs for dinner. We can provide a fruit cup for dessert as that may not be gluten free, nut free, or dairy free. These individuals will have a 'FC' on their green sticker so if they feel they cannot have the dessert presented on the buffet, they can ask their server for a fruit cup for dessert.

There were several allergies noted but the items that individuals are allergic to are not on our menu or there are enough options on the buffet that the individual can stay clear of any one item that is an issue.

If there are any questions or concerns with the details provided please reach out to me at paclead@yahoo.com.

Thank you all for being so cooperative with providing me with the details around this upcoming banquet! There will be fun had by all!!

In Harmony,
Phyllis Capolongo, RCC Convention Services
